Defrost Option Includes Hoses and Ducts

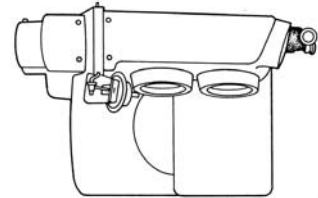

05000 Series - Short Pack System
Specify Heat & Cool or Heat, Cool & Defrost.

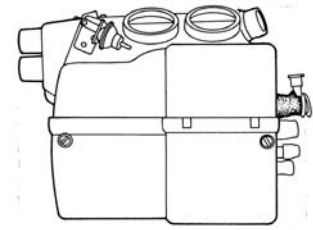

FITS WHERE OTHER SYSTEMS WON'T

The Short Pack's exclusive cube shape evaporator allows installation of air conditioning where a conventional horizontal evaporator will not fit. The Short Pack still delivers the outstanding performance you expect from any Vintage Air system.

63200-VUY-A Cool Only System
63200-VUX-A Heat & Cool Only System

ANOTHER UNIQUE SOLUTION TO A/C

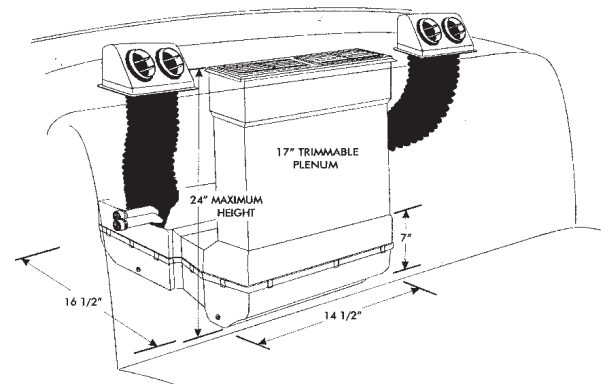

When under dash space is limited this unit is for you. Installs easily and features four full flow flex hoses with louvers to deliver cool air where you need it. Case is 12" deep.

CONTROLS Rotary knob control pod standard See page 24 for other options.

685000-VUY COOL ONLY

BIG POWER OUT BACK! This new trunk mounted system delivers much more volume than our standard trunk system and is great for larger cars. Molded dual louvers mount to your back seat package tray. Switch pod mounts under the dash. May be used as part of a dual air system too.

CONTROLS Rotary knob switch pod can mount under the dash or on a console.

TRUNK MOUNT SYSTEM

Come complete with:
Evaporator and Mounting Brackets
A/C Duct Hose
Drain Kit

Add electronic servo heater valve to any system - See page 72

DEALER TRAINING

How do we attract such a top quality group of dealers? Well, having great product and sales support helps. But we also know that our relationship with our dealers is a partnership. Each year at our dealer training meeting we acknowledge the hard work of our top dealers with a beautiful commemorative award and, naturally, our sincere appreciation.
