14-Fitting Extended Length Universal Reduced Barrier with Drier and Bulkhead Beadlock Hose Kit (548000)

Important Notice: Please Read!
 This hose kit contains reduced barrier beadlock fittings, which must be crimped with the appropriate beadlock crimping tool and dies. If your hose kit is not a 548000, refer to the instructions included with your particular hose kit for crimping.

NOTE: 90° & straight evaporator fittings are included in Vintage Air hose kits (Straight fittings are recommended on Gen II series installations).

NOTE: This hose kit contains reduced barrier beadlock style fittings. Fittings must be crimped with an automotive air conditioning beadlock hose crimping tool and correct reduced barrier dies. Crimping this hose with any other crimping tool will damage fittings and hoses, and may void warranty.
